Industry: Professional Services
Assessments for 55 and older in need of a service to help maintain independence.

COLLABORATION 1/2   **80% conf**

JAX AI Agency !' Noseniorleftbehindfl.org

Reasoning:
JAX AI Agency could create an AI-driven platform that enhances the service offerings of Noseniorleftbehindfl.org by providing virtual assessments and assistance to seniors. This would not only streamline Noseniorleftbehindfl.org's operations but also showcase JAX AI's technical capabilities in a practical, impactful way.

Value Proposition:
This partnership could potentially increase JAX AI's revenue through project fees while helping Noseniorleftbehindfl.org improve service delivery and attract more clients, resulting in a projected increase in client engagement by 30%.

Collaboration Example:
JAX AI Agency could design an AI chatbot for Noseniorleftbehindfl.org, allowing seniors to easily request assessments and services through a simple text interface. In a pilot project, they could launch this service in the next month, aiming to assist 50 seniors in the first month. As a result, Noseniorleftbehindfl.org could see a 20% increase in service requests, while JAX AI earns a project fee of $7,500.

Synergy Potential:
This partnership is unique because it combines cutting-edge AI technology with a crucial service for seniors, directly addressing their needs while providing JAX AI with a meaningful case study and access to a new demographic.

Action Items:

1. Schedule a meeting between Vladimir Bichev and Wanda K Jackson to discuss the specific needs of Noseniorleftbehindfl.org.

2. Develop a project proposal for the AI chatbot solution tailored for senior assessments.

3. Identify potential funding sources or grants to support the collaboration and implementation of the project.

Value: HIGH   **MUTUAL BENEFIT**

REFERRAL 2/2   70% conf

Noseniorleftbehindfl.org !' JAX AI Agency

Reasoning:

Noseniorleftbehindfl.org serves a demographic that may benefit from JAX AI Agency's services, especially small businesses in the senior care industry looking to modernize their operations. Referrals can be mutually beneficial as Noseniorleftbehindfl.org can recommend JAX AI's services to local businesses in need of tech solutions.

Value Proposition:

By referring clients to JAX AI Agency, Noseniorleftbehindfl.org could earn referral fees or commissions, while helping those businesses implement AI solutions that enhance service delivery.

Collaboration Example:

Noseniorleftbehindfl.org can introduce JAX AI Agency's services during their community workshops aimed at seniors and caregivers. For instance, at an upcoming workshop for caregivers, Noseniorleftbehindfl.org could present JAX AI's automation tools, potentially leading to a referral for a local transportation service that needs an AI scheduling system, generating a $5,000 project for JAX AI.

Synergy Potential:

This pairing stands out because it connects technological innovation with a service deeply rooted in community welfare, allowing both businesses to enhance their reputations while addressing pressing needs in the senior care sector.

Action Items:

1. Integrate JAX AI's service presentations into Noseniorleftbehindfl.org's upcoming workshops.

2. Establish a referral agreement that outlines commission structures for clients referred to JAX AI.

3. Create marketing materials that highlight the benefits of AI solutions for senior care businesses to distribute at events.

Value: MEDIUM   **MUTUAL BENEFIT**
